Conflict of Interest – Public Statement

World STEM Cup Education Foundation is committed to the highest standards of ethical conduct, transparency, and independence.

All individuals involved in governance, academic oversight, and operations—including Board members, executives, academic contributors, employees, and volunteers—are required to act in the best interests of the Foundation and the students it serves.

Our Principles

- Decisions are made solely in furtherance of the Foundation’s charitable and educational mission.
- Personal, financial, academic, or professional interests must not influence organizational decisions.
- Academic integrity and fairness are protected at all times.

Safeguards in Place

- Mandatory disclosure of actual or potential conflicts of interest
- Recusal from decision-making when conflicts arise
- Structural separation between academic content creation and evaluation
- Independent oversight of academic and financial processes

Donors & Sponsors

Financial supporters do not influence:

- Academic content
- Evaluation or scoring
- Competition outcomes
- Student advancement or recognition

Any attempt to exert undue influence is grounds for immediate review and corrective action.

Accountability

The Foundation maintains internal review procedures to identify, disclose, and manage conflicts of interest in a transparent and responsible manner.

This commitment ensures that World STEM Cup remains a trusted, merit-based, and ethically governed educational organization.
